

THE WHITE HOUSE
WASHINGTON

December 1, 2017

Dear General Brooks,

I would like to extend my personal thanks for the warm reception and extraordinary job United States Forces Korea did supporting my recent trip to Korea.

Your team demonstrated how our military, and specifically our forward-deployed forces in Korea, is second to none. United States Forces Korea's willingness and ability to protect our national interests is inspiring and is reflected in the professionalism and commitment of your people.

Please extend my sincere appreciation to your team, which helped make the visit a huge success. Thank you for your outstanding service to our great Nation. I am proud to be your Commander-in-Chief.

Sincerely,

A large, stylized handwritten signature in black ink, which appears to be "Donald Trump".
