1. Establishment. SOFA Article XXVIII establishes the Joint Committee as the means for consultation between the Governments of the U.S. and the ROK on matters regarding the implementation of the U.S.-ROK SOFA and for determining the facilities and areas in the ROK which are required for the use of the U.S. armed forces. The U.S. or ROK may take any problems regarding the implementation of the U.S.-ROK SOFA to the Joint Committee. If the Joint Committee is unable to resolve any matter, it will refer the matter to the respective Governments for further consideration. The U.S. Representative to the SOFA Joint Committee may also seek issue resolution within the U.S.-ROK security consultative process (under the Department of Defense) and diplomatic channels with the U.S. Embassy in Seoul, the Department of Defense, and the Department of State.

2. Authority. The Joint Committee established by Article XXVIII, U.S.-ROK SOFA is fully empowered to negotiate, enter into, and approve subordinate agreements binding the two Governments that implement the SOFA, subject only to the internal staffing and reporting requirements of each Government. Specifically, it has the power to make final decisions with respect to many matters within the scope of the SOFA, including but not limited to, the determination concerning "the facilities and areas in the [ROK] which are required for the use of the U.S. in carrying out the purposes of the U.S.-ROK SOFA]."

   a. Article XXVIII, SOFA provides, in relevant part:

   (1) A Joint Committee shall be established as the means for consultation between the [two governments] on all matters requiring mutual consultation regarding the implementation of [the SOFA] except where otherwise provided. In particular, the Joint Committee shall serve as the means for consultation in determining the facilities and areas in the [ROK] which are required for the use of the [U.S.] in carrying out the purposes of [the SOFA].

   (2) The Joint Committee shall be composed of a representative [of the two governments], each of whom shall have one or more deputies and a staff. The Joint Committee shall determine its own procedures.

   (3) If the Joint Committee is unable to resolve any matter, it shall refer that matter to the respective Governments for further consideration through appropriate channels.

   b. Article II, SOFA, paragraph 1 provides, in part: "Agreements as to specific facilities and areas in [the ROK] shall be concluded by the two Governments through the Joint Committee provided for in Article XXVIII of this Agreement."

   c. Article II, SOFA, paragraph 3 provides further, in part: "The facilities and areas used by [the U.S.] shall be returned to [the ROK] under such conditions as may be agreed through the Joint Committee."
d. Article II, SOFA, paragraph 4b provides: "With respect to facilities and areas which are to be used by the U.S. armed forces for limited periods of time, the Joint Committee shall specify in the agreements covering such facilities and areas the extent to which the provisions of [the SOFA] shall not apply."

e. In addition, aside from the determination of facilities and areas to be used by U.S. armed forces, there are several other provisions that expressly assign the decision making authority related to the implementation of the SOFA to the Joint Committee. For example:

(1) Article IX, Agreed Minutes, paragraph 3 states, in part: "The extent of the pertinent information [on military cargo] will be determined by the Joint Committee."

(2) Article XVII, paragraph 4(a)(iii) states, in part: "In the event the [labor] dispute is not settled by the procedures outlined above, the Joint Committee will resolve the dispute, assuring that expeditious procedures are followed. The decisions of the Joint Committee shall be binding."

(3) Article XVII, paragraph 4(b) states, in part: "Employees of any employee organization shall have the right of further collective action in the event a labor dispute is not resolved by the foregoing procedures except in cases where the Joint Committee determines such action seriously hampers military operations…"

(4) Article XVII, Agreed Minutes, Paragraph 4 states: "When employers cannot conform with provisions of labor legislation of [the ROK]… the matter shall be referred to the Joint Committee for consideration and appropriate action."

(5) Article XXII, Agreed Minute Re Paragraph 9, sixth unnumbered paragraph states, in part: "Necessary implementing provisions shall be agreed upon between the two Governments through the Joint Committee."

(6) Article XXII, Agreed Minute Re Paragraph 9, seventh unnumbered paragraph states, in part: "Facilities utilized for the execution of a sentence to death or a period of confinement, imprisonment or penal servitude, or for the detention of U.S. personnel will meet minimum standards as agreed by the Joint Committee."

(7) Article XXVII, states, in part: "… matters of mutual concern [regarding health and sanitation] shall be resolved by the authorities of the two Governments in the Joint Committee."

3. Organization. The Joint Committee is composed of one U.S. Representative and one ROK Representative.

a. The U.S. Ambassador to the ROK appoints the U.S. Representative to the Joint Committee via diplomatic note (example at Appendix C to Enclosure D). The Deputy Commander, USFK, serves as the U.S. Representative to the Joint Committee.
b. The ROK Minister of Foreign Affairs appoints the ROK Representative to the Joint Committee. The Director General, North American Affairs Bureau, Ministry of Foreign Affairs, serves as the ROK Representative to the Joint Committee.

4. Responsibilities.

a. The U.S. Representative receives policy guidance from the U.S. Ambassador to the ROK and the Commander, USFK.

b. The U.S. Representative is assisted by the following personnel:

(1) An Alternate U.S. Representative (Assistant Chief of Staff, J5, USFK) appointed via diplomatic note of the U.S. Embassy to the ROK.

(2) An American Embassy representative appointed by the U.S. Ambassador.

(3) A permanent secretariat (hereinafter referred to as “the SOFA Secretariat”), staffed by the Secretary for the U.S. Component of the Joint Committee (U.S. Secretary to the Joint Committee), Deputy Secretary, two Assistant Secretaries, an administrative officer, a language specialist, and an interpreter-translator qualified to certify dual-language agreements in accordance with DoDI 5530.03, International Agreements, and USFKI 2300.01, International Agreements.

5. Meeting Procedures. The Joint Committee approved the following procedures at the 1st Joint Committee meeting, 9 February 1967 (Encl 5, pp. 53-55), in accordance with SOFA Article XXVIII, paragraph 2.

a. Formal Meetings. The Joint Committee holds regularly scheduled formal and numbered meetings at times and locations mutually agreed on by the Joint Committee Representatives. Either the U.S. or ROK Representative may call additional sessions of the Joint Committee at any time. Meetings are held at least once a year with an aspirational goal of meeting twice a year.

(1) Host. The host of Joint Committee meetings rotates between the ROK and U.S. Representatives. When the ROK Representative presides, the meeting is held in a ROK Government facility conference room; when the U.S. Representative presides, the meeting is held in a USFK conference room. Meetings may also be conducted virtually via video teleconference when it is determined that in-person meetings are not practicable.

(2) Agenda. In order to promote efficiency, the Joint Committee shall conduct formal meetings based upon an agenda, which the two sides jointly prepare and approve, in writing, preferably at least one week prior to the meeting.

(3) Attendance. The Joint Committee Representatives, their alternates and staffs, as referred to in Article XXVIII, paragraph 2 of the SOFA, and pertinent Subcommittee chairpersons and subject matter experts (SMEs), based upon the agenda, shall attend formal Joint Committee meetings. Appropriate government officials may observe.
the meetings as needed. Both sides shall agree to the delegation membership and observers prior to the meeting, which is often pragmatically constrained based upon the size of the facility used for the meeting.

(4) Joint Press Statement. If agreed to by both the U.S. and ROK Joint Committee Representatives, they can issue a joint press release at the conclusion of a U.S.-ROK Joint Committee meeting. It is considered a breach of the Joint Committee procedures if there is a unilateral statement release concerning Joint Committee meetings.

(5) Official Minutes/Records. The U.S. SOFA Secretariat prepares the minutes of the formal Joint Committee meetings and coordinates with the ROK Secretariat to obtain joint U.S.-ROK approval. The U.S. and ROK Representatives approve the official minutes before the next Joint Committee meeting. The minutes shall include a brief summary of the substantive discussion of the meeting and a list with attachment of all exigent actions and correspondence of the Joint Committee since the last formal meeting. The composition/enclosures of the minutes will be agreed to by both sides prior to the execution of the Joint Committee meeting. The U.S. Secretariat is responsible for distributing and archiving the official minutes for the U.S. side.

b. Informal Meetings. Informal meetings may be held periodically in addition to the existing formal, numbered meetings of the Joint Committee.

(1) Host. The host of Joint Committee informal meetings normally rotates between the U.S. and ROK Representatives. However, availability and scheduling may determine the host and location. Details for informal meetings are coordinated between the two Secretariats.

(2) Purpose and Agenda. Prior to the meeting, the two sides shall exchange an agenda of the discussion topics.

If the Joint Committee Representatives reach an agreement during an informal meeting, the U.S. SOFA Secretariat may prepare a memorandum of the Joint Committee for inclusion in the minutes of the next formal meeting. The U.S. SOFA Secretariat will prepare and distribute, as appropriate, informal and unilateral U.S. minutes or an executive summary of the meeting for the use of the U.S. side.

2. **Authorities.**

   a. General. Subcommittees are responsible only to the Joint Committee, which has exclusive authority to assign tasks to, and act upon recommendations from, the Subcommittees. USFK and USFK Component Commands may not directly assign projects to the bilateral Subcommittees and may not take action upon Subcommittee recommendations until the Joint Committee has approved the recommendations.

   b. Members of the U.S. Component of a Subcommittee. The chairperson of the U.S. component of each Subcommittee, in consultation with the U.S. SOFA Secretariat to the Joint Committee, relevant USFK service components, staff directorates, and other stakeholders (DoD agencies in Korea providing support to USFK), will determine U.S. component membership for the Subcommittee. The U.S. component should include appropriate subject matter experts and a representative of the U.S. SOFA Secretariat, the FKJA, FKPA, and the U.S. Embassy, as necessary. The appointed U.S. chairperson may make changes to the U.S. component membership, as appropriate, based upon the nature of the Subcommittee actions. (7) Coordinate for transportation of the U.S. component to and from the meeting location, as appropriate.

(8) Coordinate with the ROK counterpart for appropriate access to the installation or meeting facility if conducted at a ROK facility; coordinate access for the ROK component members for meetings conducted on a U.S. installation and in a U.S. facility.

(9) Document internal U.S. minutes regarding the Subcommittee meeting and provide a copy to the U.S. SOFA Secretariat. (Minutes should include: who, what, when, where, agenda, significant discussion points, outcome of the meeting, and the U.S. assessment.)

(11) Invite representatives from the U.S. SOFA Secretariat, U.S. Embassy Political-Military Affairs, FKPA, and FKJA to all formal Subcommittee meetings.

(12) Establish auxiliary organs or Joint Working Groups to focus efforts on specific tasks or issues under the Subcommittee. The U.S. Chairperson for the Subcommittee appoints in writing a U.S. Chairperson for a subordinate Joint Working Group, based upon coordination with the chain-of-command of the prospective U.S. Chairperson (example at Appendix E to Enclosure D). The Joint Working Group U.S. Chairperson is generally selected based upon their expertise, functional alignment with the task, and capacity for such duty. (5) Development of a negotiation strategy.

(8) Facilitating coordination and guidance from the Deputy Commander, USFK, as U.S. Representative to the Joint Committee.

(9) Facilitating requests for resourcing or support from USFK chief of staff required for effective operation of the Subcommittee.

(10) Interpreter support for formal meetings.

(11) Providing translation certification.

c. Members of the U.S. Component. Members of the U.S. component to a Subcommittee will keep their organization, command, or agency informed and coordinate internally with their respective organization. This is to ensure members represent their organization’s position within the U.S.-only Subcommittee preparation for bilateral meetings. During U.S. component internal meetings, each member will be afforded an opportunity to present the views of their respective command, agency, or organization. The U.S. Chairperson of the Subcommittee will determine, prior to bilateral meetings with the ROK component, the U.S. position on an issue. A member who does not concur with the U.S. position may submit a minority report to the U.S. Representative before the U.S. position is presented to the ROK component of the Subcommittee.

d. U.S. Positions Presented in Subcommittee Meetings. U.S. chairpersons of Subcommittees may provide a draft U.S. position or official correspondence to an official of the ROK Government only after it has been reviewed and cleared by the U.S. SOFA Secretariat for conformance with the SOFA and Joint Committee procedures and by the Office of the Judge Advocate for legal sufficiency. Based upon the issue, prior to presenting to the ROK component, the Public Affairs Officer and U.S. Embassy representative to SOFA Joint Committee should be afforded the opportunity to review the correspondence.
e. U.S. Representation in Subcommittee. The Chairperson of the U.S. component is the official U.S. spokesperson during bilateral Subcommittee meetings. Attending U.S. participants will not express divergence from a consolidated U.S. position, unless pre-coordinated and approved by the U.S. Chairperson.

f. Meeting Minutes. The U.S. Chair of the Subcommittee may prepare minutes of meetings. Meeting minutes or notes have proven to be valuable due to the time to reach agreement and the high turn-over of Subcommittee members. Minutes may be for unilateral U.S. documentation and coordination, or for more formal bilateral documentation, which requires coordination and mutual consent of both parties. The minutes may include a brief summary of the substantive discussion of the meeting.

   g. Subcommittees and Joint Working Group Agreed Recommendations must be approved by the Joint Committee before taking effect.

   h. Agreements will comply with USFKI 2300.01 and the restrictions on U.S. assistance to foreign governments. All real estate actions will comply with established U.S.-ROK Joint Committee procedures, USFK Regulation 405-7; DoD Instruction No. 4165.69, Return of DoD Sites Overseas, dated April 6, 2005; and DoD Directive 4165.06, Real Property.
i. In the case that the ROK Component initiates or requests the SOFA Joint Committee task, the ROK component submits the Agreed Recommendation through ROK channels to the Joint Committee. The U.S. component chairperson will provide a copy of all pertinent documents, to include the signed Agreed Recommendation, to the U.S. SOFA Secretariat.

5. Public Release of Documents, Discussions, and Activities of the Joint Committee or Auxiliary Organ. Most SOFA records and documents, discussions, and activities of the Joint Committee and its auxiliary organs are unclassified but sensitive in nature. SOFA Joint Committee documents, discussions, and activities are protected from public release in accordance with the agreed procedures of the Joint Committee. The SOFA Joint Committee is a body of two sovereign governments and not considered a U.S. agency. Accordingly, Joint Committee records are bilateral official documents and may not be released without mutual consent of both parties. The Joint Committee must approve any public and/or media release regarding its meetings, actions, or agreements.

   a. The U.S. and the ROK value transparency and openness and acknowledge that information disclosure can contribute to support and trust of the public on strengthening the Alliance and fostering cooperation.

   b. Upon reaching final agreement of an Agreed Recommendation, the Subcommittee or Joint Working Group will discuss and decide if public disclosure of a summary (example at Appendix C of Enclosure D) of the Agreed Recommendation would be beneficial. If both sides agree on public disclosure, the summary will be prepared in the following format:

      (2) The United States and the Republic of Korea SOFA Joint Committee.

      (3) Agreed to (short summary of the agreement, i.e., task requestor, location, size, etc.).

      (4) The agreement was signed and approved by the U.S.-ROK SOFA Joint Committee on (date the agreement was approved by the Joint Committee).

   c. If a summary is mutually agreed to, The U.S. component Chairperson will submit the summary, accompanying the Agreed Recommendation, to the U.S. SOFA Secretariat for coordination with the ROK SOFA Secretariat (U.S.-ROK Security Cooperation Division, Ministry of Foreign Affairs) for final Joint Committee approval.
d. The summary will not disclose specific information without mutual agreement. In particular, confidential information which may affect the interests of the U.S. and/or ROK, such as security and national interest, shall be excluded from disclosure.

e. The Joint Committee will provide oversight of the information disclosure and may provide additional guidelines or adjustments on a case-by-case basis.

7. **Language Requirements.**

a. Under Joint Committee procedures, tasks assigned to, and findings and recommendations from Subcommittees and working groups are to be prepared in English. When the ROK component requires Korean text of an agreement, the Korean text will be provided by the ROK component only after conclusion of negotiation of the English text.

b. DoD Instruction 5530.03, International Agreements, dated December 4, 2019, paragraph 5.1.n requires international agreements concluded by any DoD official to be in English text unless one of the following criteria is met:

   (1) The agreement expressly provides that the English language text shall be considered by the parties as the governing text in case of conflict between the different language texts; or

   (2) The agreement expressly provides that the English language text and the foreign language text are equally authentic, and each foreign language text of the agreement is made the subject of a certification, executed before the agreement is concluded in any language, stating that the foreign language text and the English language text are in conformity with each other and that both texts have the same meaning in all substantive respects. The certification shall be dated and signed by a civilian, military, or local national translator who has been designated as qualified, consistent with local practices, by the DoD official authorized to negotiate and conclude the agreement (emphasis added) or by an appropriate DoS official.

c. **Language Certification.** The following “language certification” procedures apply to all documents of the Joint Committee and of its auxiliary organs (Subcommittees and Joint Working Groups):

   (1) Both the U.S. and ROK components prepare and agree to the English text.

   (2) The ROK component then translates the English text into Korean text and provides the translated version to the U.S. component.

   (3) The USFK SOFA Secretariat's certified translator, compares the Korean text to the authoritative English text and identifies any non-conforming text.

   (4) As necessary to resolve translation issues, the U.S. and ROK chairpersons, with their respective translators, will coordinate directly to determine the best conforming language which enables the English and Korean texts to “have the same meaning in all
substantive respects.” (Translation between English and Korean texts is not a word for
word science, but rather an art in balancing accuracy in meaning, consistency with
language used in similar relevant documents of the SOFA Joint Committee, optimization
of common understanding across two cultures and languages, and minimization of the
possibility for different interpretations.)

(5) Upon agreement of both language texts, the USFK SOFA Secretariat’s certified
translator prepares, signs, and attaches a “certificate of authenticity” attesting to the fact
that the “English and Korean texts are in conformity with each other and that both texts
have the same meaning in all substantive respects.” The certificate of authenticity is
nullified by any alteration of either the English or Korean texts. The U.S. SOFA Secretariat
provides the document, certified in two languages, in a portable document format (.pdf), to
the Subcommittee Chairperson for signatures.

(6) The U.S. official, unless fluent in both languages, shall not sign a document in
two languages prior to certification.

(7) The U.S. SOFA Secretariat’s certified translator’s certificate of authenticity will
accompany the document when submitted to the Joint Committee for approval.

(8) As the language certification process takes time and may require additional
negotiation, U.S. chairpersons will allow sufficient time for this process and for reconciling
language issues prior to scheduling a “signing ceremony” for the document.

8. Information Sharing.
   a. Information Sharing

   b. The U.S. component chairpersons are responsible to the Deputy Commander,
USFK (U.S. Representative) to provide pertinent information and recommendations about
the Subcommittee or Joint Working Group activities. As appropriate, the U.S. component
chairperson will report non-unanimous U.S. positions to the U.S. Representative prior to
official U.S.-ROK Subcommittee meeting and in sufficient time to receive guidance.

   c. The SOFA Secretariat maintains a SOFA page on the USFK internal portal which
provides a variety of information relevant to the SOFA, the Joint Committee, and the
Subcommittees. Each Subcommittee is responsible to ensure the Subcommittee
information is relevant, accurate, and current on the SOFA page and links. The U.S.
component chairpersons are responsible to the Deputy Commander, USFK, to ensure that
the portal SOFA web space for their Subcommittee is current and reflects meeting
schedules, minutes, supporting documents, references, and the status of assigned tasks.
Subcommittee chairpersons are responsible to forward the required information to the
SOFA Secretariat for posting.
9. **Record Keeping Procedures.**

   a. **Permanent Records.** Joint Committee Minutes are part of the Joint Committee Records and are considered permanent records which are retained indefinitely.

      (1) Joint Committee Minutes should include:

         (a) Cover (SOFA logo, title, and date);
         (b) Table of Contents;
         (c) Forward;
         (d) Index;
         (e) Meeting Minutes;
         (f) Meeting Agenda;
         (g) U.S. Delegation List;
         (h) ROK Delegation List; and
         (i) Exigent Action Memorandum, if applicable.

      (2) Hard copy records are stored within the SOFA Secretariat.

      (3) Digital records are considered official records and will be stored on the SOFA Secretariat “shared drive” with monthly back-up copies stored “off-site.”

      (4) Digital records are saved as Adobe Acrobat (.pdf), bookmarked and searchable.

      (5) Digital records will be marked “OFFICIAL MINUTES OF THE JOINT COMMITTEE ARE OFFICIAL DOCUMENTS PERTAINING TO BOTH GOVERNMENTS AND WILL NOT BE RELEASED WITHOUT MUTUAL AGREEMENT” in the header and “[Meeting Number] JC, [Date]” in the footer.

      (6) Digital records are named using the following naming convention: 0800-04B_[Meeting Number]JC_CUI_[Meeting Date]. Example: 0800-04B_197JC_CUI_20161122.pdf.

      (7) The Master Index is updated after each Joint Committee meeting.

   b. **Temporary Records.** Other official actions and records of the U.S.-ROK Joint Committee are considered “temporary” records and will be retained (digitally) until no longer needed. Examples of other “official actions/records” are:
(1) Subcommittee meeting notes.

(2) Subcommittee references.

(3) Research documents.

(4) Issue background_updates/briefings.

10. **Periodic or Special Review for Public Release.**

   a. Public Release. Most SOFA records are unclassified. However, all SOFA Joint Committee records and actions are protected from public release in accordance with the agreed procedures of the Joint Committee. The SOFA Joint Committee is a body comprised of two sovereign governments and not considered an exclusive U.S. agency. Accordingly, Joint Committee records are bilateral official documents and may not be released without mutual consent of both Parties. The Joint Committee must approve any public and/or media release regarding its meetings, actions, or agreements. Any Freedom of Information Act (FOIA) requests for any SOFA-related documents must be closely coordinated through the USFK FOIA Office with guidance from the U.S. SOFA Secretariat and FKJA.

   (1) In response to formal Freedom of Information Act (FOIA) requests, USFK FOIA team requires an exemption to NOT provide documentation. 10 U.S. Code § 130c - Nondisclosure of information: certain sensitive information of foreign governments and international organizations, paragraph (a) Exemption From Disclosure (The national security official concerned (as defined in subsection (h) may withhold from public disclosure otherwise required by law sensitive information of foreign governments in accordance with this section), and (b) Information Eligible for Exemption (For the purposes of this section, information is sensitive information of a foreign government only if the national security official concerned makes each of the following determinations with respect to the information), subparagraph (3) validates negative response requirements.

   (2) 10 U.S. Code § 130c, (b), subparagraph 3 allows the U.S. Government to withhold information when a statute specifically exempts the information from disclosure. USFK Legal has determined that the 1967 Agreement states USFK will not publically disclose SOFA-related documents, if said documents fall within exemption of the statute. To this point, 10 U.S. Code § 130c subparagraph 3 conditions include:

      (a) The foreign government or international organization requests, in writing, that the information be withheld.

      (b) The information was provided or made available to the United States Government on the condition that it not be released to the public.

      (c) The information is an item of information, or is in a category of information, that the national security official concerned has specified in regulations prescribed under subsection (g) as being information the release of which would have an adverse effect on
the ability of the United States Government to obtain the same or similar information in the future.

b. Periodic Review of Records. The ROK Ministry of Foreign Affairs (MOFA), via the Secretariat of the Joint Committee, annually requests the opinion of the U.S. component to make bilateral SOFA records which are older than 30 years available for public release or access. Upon such request, the U.S. SOFA Secretariat staffs the documents with relevant and current Subcommittee chairpersons and the USFK staff (J2 – Intelligence, J34 – Anti-terrorism/Force Protection, FKPA, and FKJA) for coordinated response to ROK MOFA.

c. Special Considerations for Public Release.

(1) SOFA Joint Committee records are not owned by, produced by or for, or under the exclusive control of the U.S. Government. Accordingly, these records are not considered subject to President Executive Order 13526 or the Freedom of Information Act (FOIA).

(2) SOFA Joint Committee records often contain information that could create operational risk to U.S. Force Korea and the U.S.-ROK Alliance. In these cases, the information must not be made available for public release.

(3) If a document contains information potentially harmful to foreign relations or national security, withholding public release requires justification in accordance with one of the following exceptions:

(a) Documents reveal information that would impair U.S. cryptologic systems or activities.

(b) Documents reveal information that would impair the application of state-of-the-art technology within a U.S. weapon system.

(c) Documents reveal formally named or numbered U.S. military war plans that remain in effect, or reveal operational or tactical elements of prior plans that are contained in such active plans.

(d) Documents reveal information, including foreign government information that would cause serious harm to relations between the U.S. and a foreign government, or to ongoing diplomatic activities of the U.S.

(e) Documents reveal information that would seriously impair current national or U.S.-ROK Alliance security emergency preparedness plans or reveal current vulnerabilities of systems, installations, infrastructures, projects or plans, scientific technological or economic matters related to the national or Alliance security.

(f) Documents reveal sensitive information obtained from or in cooperation with a foreign government IAW Exemption (b)(3) 10 U.S.C. § 130c that would cause serious harm to relations between the U.S. and a foreign government.
